

TRANSMITTAL SLIP		
25 June 1954 (Date)		
TO: Colonel White		
BUILDING	ROOM NO.	
REMARKS:		
<p>I recommend signature of Admin. Plan for Project [REDACTED]. Although this is a relatively minor activity, I detect in principle a basic inadequacy in this Plan which is important enough to bring to the attention of PAPS. If you agree, there is attached a memorandum to PAPS, also for your signature.</p> <p>The point raised in the memo was brought to the attention of [REDACTED] during its drafting stage but I was unable to induce in him recognition of the principle involved.</p>
